Phil Brackley

Consultant Plastic and Reconstructive Surgeon

BSc BMedSc PhD BMBS FRCSEd Plast

www.staffordshireplasticsurgeon.co.uk

▶ Training / Background

Upon graduating from Nottingham University Medical School in 1997 (1st Class Honours), Mr Brackley finalised his specialist training in Plastic Surgery in the United Kingdom in 2010. He completed his specialist training in the Northwest of England and was awarded the prestigious Poche International Fellowship at the Sydney Melanoma Unit (now the Melanoma Institute of Australia (MIA)) to further his expertise in melanoma and skin cancer management. Australia has the highest global incidence of melanoma and the MIA is the largest melanoma centre in the world. He has presented at numerous meetings nationally and internationally and has published widely in journals such as the Journal of Plastic, Reconstructive & Aesthetic Surgery (JPRAS), Plastic and Reconstructive Surgery (PRS), and Surgical Oncology. In addition to skin cancer management, Mr Brackley has undertaken a recognised cosmetic fellowship during his training and undertakes a variety of general plastic and aesthetic procedures.

“ I pride myself in offering a genuine and honest approach to my patients. For me, this is the only way and the best way to proceed. I guarantee that I will do my very best to meet my patients needs, based on best clinical practice ”

▶ NHS Service

In 2010, Mr Brackley was appointed as Consultant Plastic and Reconstructive Surgeon at Whiston Hospital, St Helen's and Knowsley Trust, Liverpool, and is the Clinical Lead in skin cancer management. Whiston Hospital is the Regional Centre for skin cancer management in the Northwest and is one of the largest centres in the United Kingdom. His other NHS duties include Trainee Supervisor, designated Trust appraiser, Principle investigator in national trials and is a core member of the Trust's Research and Development team. As well as his main specialist interest in skin cancer management, Mr Brackley has a wide experience in general plastic surgery. (see services).

▶ Professional Memberships

British Association of Plastic, Reconstructive and Aesthetic Surgery (BAPRAS)

Welsh Health Specialised Services Committee - Plastic Surgery Advisory Group

Melanoma Study Group (MSG)

Medical Sickness Society (MSS)

Medical Protection Society (MPS)

Services

Mr. Brackley accepts referrals for a variety of conditions which include:
